

Help Us Find the Right Path in Cunnamulla

Heading to school or work? Going to the shops or just walking for exercise? We want to know how we can improve the Cunnamulla walking experience and support the community to achieve a healthy and active lifestyle. To encourage walking as a more desirable option and identify future opportunities, Council and The Department of Main Roads (TMR) are developing a Walking Network Plan. The plan will help prioritise projects that build a connected, comfortable, and safe walking environment around Cunnamulla.

We want to hear from the community about what your priorities are!

SCAN THE QR CODE TO SHARE YOUR FEEDBACK

Use the online mapping and survey tool to mark the:

Current paths you use

Routes you would like to see connected

Areas of concern (safety issues, poor quality path, accessibility, no connection etc)

If you use a skateboard or bicycle, run with a pram, use a wheelchair, motorised scooter or any other transport methods we haven't specifically named, we'd love to hear from you too.

The survey will close by 27 March 2023.
